

TERRACE HEATING Q-time Golden 1800S

The Eurom Q-time Golden 1800S is an elegant electrical terrace heater. Therefore very suitable to extend the summer nights by emitting pleasant warmth.

Because the Q-time Golden 1800S is fixed on a stand you can put the terrace heater anywhere. This way you can have the warmth where you want it. The stand is also multifunctional. You could attach your garden lights to it, for example. The Q-time Golden 1800S can also be attached to the wall, and is jet-proof (IP65).

With the 1800 Watts Golden Halogen lamp this heater is ideal for warming a middle sized terrace or balcony, because the warmth barely flies away.
